

July 31-August 6, 2022

3-credit professional development course

ECOLOGY

4 teachers

\$1,875

*Scholarships available for Alaska Teachers!

Includes tuition and housing (airfare and food NOT included)

- Explore the interconnected relationships in the ecosystem
- Develop place-based, culturally-responsive knowledge, awareness, and practical skills

Why should you come?

- Gives teachers the ability to reconnect to and re-energize their passion for teaching.
- Activities will provide hands-on outdoor training while using the location as an outdoor lab for place-based learning
