

INTEGRATING CLIMATE JUSTICE INTO CLIMATE ACTION

In this virtual webinar, educators will:

- Gain access to **hands-on lessons** on climate justice
- Learn about relevant **professional learning opportunities**
- Explore **tools for empowering student action projects**

WHEN:

AUGUST 8
at 6 PM EST

RAFFLE PRIZES!

Is your school a **Green School**? This webinar:

- Supports **teacher professional development** in environmental education (Obj. 1.2.2)
- Provides concrete ideas for **student action** (Obj. 2)

These resources were created in partnership with NOAA, the Howard County Public School System, and the Howard County Conservancy, and are provided to Youth Climate Institute chapter leaders along with live workshops and other learning packages on climate topics.

MAEOE
Maryland Association for
Environmental & Outdoor Education

The **Youth Climate Institute** is an extracurricular, chapter-based program that provides **national certification** to high school students taking action against the climate crisis.
