

KEEP – Wisconsin’s K-12 Energy Education Program

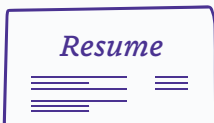

mini grant

Grants are \$300-\$700, provided for a project to reduce the carbon footprint of a school community.

**PLACE-BASED
LEARNING**

Student Benefits

**COLLEGE & CAREER
READINESS SKILLS**

**AUTHENTIC
ELA PRACTICE**

Who do we want?

WI K-12 student groups interested in sustainability

What about the project?

Choose a short-term project to directly reduce school carbon emissions or use project funds as seed money to start a long-term sustainability plan.
