

# Population Education:

## Science & Social Studies Activities for a Sustainable Future

Professional  
Development  
Opportunity!

Join **UNO education professor Dr. Connie Schaffer** and Population Education for an interactive, 2-hour **professional development workshop** designed for **6th-12th science, social studies, and math educators**. Learn how to teach students about current global challenges while exploring sustainable solutions through hands-on activities that utilize **real world data**.

Discover **interdisciplinary learning strategies** that challenge students to make meaningful associations between individuals, communities, and global issues, while improving their **social studies, geography, science, and math skills**. Presented activities use role-playing, representational models, group problem-solving, and simulation games to explore the **social and environmental impacts of human population growth**.

**Grade Level Focus:** 6th-12th

**Subject Areas:** Math, Science, Social Studies

**Date:** Thursday, April 13th, 2017

**Time:** 4-6 PM

**Location:** UNO Barbara Weitz CEC  
Room 118  
6001 Dodge Street  
Omaha, NE 68162

**Cost:** \$10 General Admission (Ends 4/12/17)

**Registration:** Please register on Eventbrite by April 12 2017.  
<https://unoworkshop.eventbrite.com>

**Questions?** Contact Elizabeth Black,  
Professional Development Coordinator  
[eblack@populationconnection.org](mailto:eblack@populationconnection.org)

### Participants will receive:

- 2 hours of professional development training and a certificate of completion
- **A curriculum CD with over 60 full lesson plans aligned to Nebraska standards, Common Core, and NGSS**
- Additional age-appropriate teaching resources and access to Population Education curriculum items

**Population Education** is the only national education program with a strong emphasis on human ecology.

**The University of Nebraska-Omaha (UNO)** is a public research university providing undergraduate and graduate education in Omaha, Nebraska.
